

Rochdale Dog Rescue

NEEDS YOUR HELP!

Rochdale Dog Rescue works every week to find responsible rescue places for dogs in a Northern Pound in the UK that are due to be put to sleep if not claimed after 7 days.

We are currently very short of transport volunteers, who help get the dogs to the safety of rescues throughout the country. Without these wonderful volunteers we cannot save the dogs.

We are also seeking out highly dedicated people who feel they could offer a space in their life to foster our dogs.

Could you help transporting dogs or volunteering in some small way?

If so, please visit our website and check the volunteer section. Or join our forum for up to date information.
